FISHER
A BETTER WAY TO FINISH

TrueColour™

Whether Statement® or custom
—Find your *TrueColour™*.

Custom solid colour coatings for James Hardie™ fibre cement products.

When imagining the final look for your new build or renovation project the *ideal colours* for your fibre cement are one of the most important elements.

Through years of experience working with Architects, Designers and discerning project owners, Fisher has developed the **TrueColour™** process for **James Hardie products**.

1. *Select James Hardie™ Product*

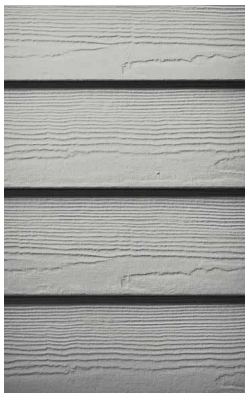

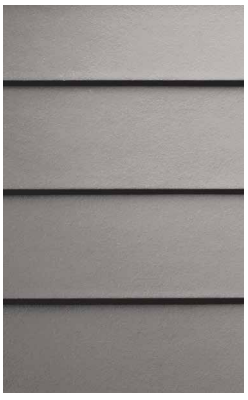

2. *Select Texture*

Choose from natural cedar with soft texture that mimics wood or a modern, clean look.

Cedarmill

Smooth

3. *Select Statement® colour or custom colour*

With ***TrueColour™*** there is ***no limit*** to the colour options available for your fibre cement cladding materials. Below is our most popular colour palette.

POPULAR COLOUR MATCHES

Arctic White

Light Mist

Cobblestone

Pearl Gray

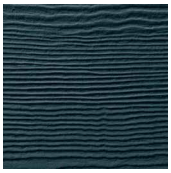

Gray Slate

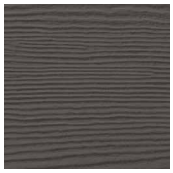

Timber Bark

Mountain Sage

Evening Blue

Rich Espresso

Iron Gray

Need to go beyond the James Hardie Statement Collection®?

Simply choose any colour from your local paint manufacturer—we'll custom match your preferred palette.

4. Receive a free colour match sample

5. Approve colour, product & quantity

6. Fisher creates your custom material

7. Product arrives on site ready to install

TrueColour™ is produced by Fisher Coating on James Hardie substrate.

The James Hardie Statement Collection® is a great starting point for colour selection and is readily available through many local distributors.

Some products, profiles, and widths may not be offered in these colours—that's where Fisher comes in. With our **TrueColour™** colour matching technology, we can help bridge the gap.

If your project calls for a unique shade—like a muted seabreeze green for a coastal cabin or a bold coral-orange for a modern multi-family or commercial build—**we can custom match your preferred palette** to bring your vision to life.

Why choose *TrueColour*™?

- There is NO LIMIT to the colours options available to you for your fibre cement cladding materials.
- Enables coating of non-standard James Hardie profiles not typically stocked by local suppliers.
- Durability and fire resistance of fibre cement siding
- Efficient automated processing and reduced lead times for custom pre-finishing.
- Factory applied using Fisher's advanced, automated pre-coating system to deliver consistent finish quality.
- Backed by an industry leading warranty.
